Hi Sarah,

Thank you for popping over to meet us this morning. Further to our conversation, here is a list of what we would like you to consider...

- 1) We would like to paint the interior, a neutral colour during the summer break
- 2) If possible we would like to erect a lean to on the back of the hut so that we may use the outside space even when it is raining
- 3) If possible and time permits, we would like to white wash the outside so that it is more attractive to perspective clients

Kind regards,
Shamira and Claire
