

White Lane and Ash Green Lane East

Ash Green Residents Association are exploring the possibility of beautifying the small plot of land around the Notice Board at the junction of White Lane and Ash Green Lane East.

The land belongs to Surrey Highways.

Ash Green Residents Association have in mind a few attractive large logs or similar to stop parking on the plot, removing the concrete square on which the telephone box used to sit, planting some bulbs and some shrubs and perhaps have one of the posts with hanging basket as in the rest of the road.

These are just ideas to give you a flavour since it appears to us to be a very local matter within the remit of the Parish Council.

Can you please offer any advice on how best to progress?

Secretary Ash Green Residents Association
